

Taser Course Outline

The course will provide the trainee with knowledge and skills as set forth by the AXON Academy/Taser CEW (Conducted Electrical Weapon) Training, to include de-escalation techniques. The course consists of classroom instruction, discussion, and scenario based training.

TASER

Minimum Topics/Exercises:

1. Policies and legal issues
2. Annual User Recertification requirements
3. CEW warnings
4. CEW targeting/tactical considerations
5. CEW smart use considerations
6. CEW medical overview
7. Review Axon Taser training powerpoint
8. Taser law enforcement product warnings
9. Functional test
10. Live CEW cartridge deployment

COURSE OBJECTIVES:

The trainee will:

1. Demonstrate knowledge of Department Use of Force and CEW policies.
2. Demonstrate proficiency in deployment of live CEW cartridges.
3. Demonstrate a clear understanding of the following core competencies:
 - a. Critical thinking and decision making
 - b. Active listening skills
 - c. De-escalation techniques

Minimum standards of performance shall be tested by an instructor observing the trainee during their performance of each technique and exercise. If the trainee does not meet minimum standards, as established by the presenter, remediation will be provided until the standard is met.
