

## Watsonville Police Department

### **Military Equipment – Annual Report**

**June 1, 2022 – December 31, 2022**

1. Section 1 – Unmanned, remotely piloted, ground vehicle
  - a. Throwbot XT
    - (1) A summary of how the military equipment was used and the purpose of its use. **Not used**
    - (2) A summary of any complaints or concerns received concerning the military equipment. **None**
    - (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**
    - (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**
    - (5) The quantity possessed for each type of military equipment. **One**
    - (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**
  
2. Section 10 – Specialized Firearms and Ammunition
  - a. Department Issued Colt LE6920 Carbine Rifle
    - (1) A summary of how the military equipment was used and the purpose of its use. **Annual patrol rifle qualifications and trainings on 11/16/22, 11/30/22, and 12/1/22. No other uses during this period.**
    - (2) A summary of any complaints or concerns received concerning the military equipment. **None during this period**
    - (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None during this period**
    - (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report.

- **23,000 practice rounds were purchased in 2022 for a total cost of \$10,120. Source funds come from Specialized Department Equipment Budget.**
- **Annual inspections of the rifle, approximately 1 hour per rifle, total of 17 hours @ \$71/ hour. General Fund**

(5) The quantity possessed for each type of military equipment. **17**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None planned for the next year.**

3. Section 10 – Specialized Firearms and Ammunition

a. Spartan Precision Bolt Action Rifle .308 cal.

(1) A summary of how the military equipment was used and the purpose of its use. **Four training exercises involving four SRT Sniper officers.**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **None for this reporting period**

(5) The quantity possessed for each type of military equipment. **4**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

4. Section 10 – Specialized Firearms and Ammunition

a. Daniel Defense V3 Semi-Auto Rifle .308 cal.

(1) A summary of how the military equipment was used and the purpose of its use. **No use during this period**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be

provided for the military equipment in the calendar year following submission of the annual military equipment report. **None for this rating period.**

(5) The quantity possessed for each type of military equipment. **1**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

5. Section 10 – Specialized Firearms and Ammunition

a. Hornady .308 168gr AMAX TAP 20 250

(1) A summary of how the military equipment was used and the purpose of its use. **Four training exercises involving four officers. Approximately 600 rounds were used during these training exercises.**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **Yearly re-supply of ammunition approximately \$2,791.25. Source funds come from Specialized Department Equipment Budget.**

(5) The quantity possessed for each type of military equipment. **Approximately 1200 rounds are currently in inventory.**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **Request purchase of 2000 rounds for 2023.**

**\*new sniper officers, sniper school required training.**

6. Section 10 – Specialized Firearms and Ammunition

a. Federal Cartridge .308 Win Tactical Bonded Tip 168 Grain Duty Ammunition

(1) A summary of how the military equipment was used and the purpose of its use. **Approximately 50 rounds used during 1 training exercise, with 3 officers involved in the training.**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost during this review period. Source funds come from Specialized Department Equipment Budget.**

(5) The quantity possessed for each type of military equipment. **Approximately 300 rounds are currently in inventory.**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **Request purchase of 500 rounds**  
**\*new sniper officers, sniper school required training.**

7. Section 11 – Firearm or firearm accessory that is designated to launch explosive projectiles

a. Remington 870, pump action shotgun

(1) A summary of how the military equipment was used and the purpose of its use. **Not used during this reporting period**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**

(5) The quantity possessed for each type of military equipment. **Two**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

8. Section 11 – Firearm or firearm accessory that is designated to launch explosive projectiles

a. Combined Systems Technology Launching Cup

(1) A summary of how the military equipment was used and the purpose of its use. **Not used**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response.

**None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**

(5) The quantity possessed for each type of military equipment. **Two**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

9. Section 12 – Noise-flash diversionary devices and explosive breaching tools

a. BP2 NFDD (Non-Firing Distraction Device) Straight Delivery Pole with Clamp Head Delivery

(1) A summary of how the military equipment was used and the purpose of its use. **Not used**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**

(5) The quantity possessed for each type of military equipment. **One**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

10. Section 12 – Noise-flash diversionary devices and explosive breaching tools

a. Defense Technology 11-gram, low roll II, non-reloadable distraction device

(1) A summary of how the military equipment was used and the purpose of its use. **5 NFDD used during SWAT School for new team operators.**

- (2) A summary of any complaints or concerns received concerning the military equipment. **None**
- (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**
- (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **Approximately \$1150, \$48 each. Source funds come from Specialized Department Equipment Budget.**
- (5) The quantity possessed for each type of military equipment. **44**
- (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **Request purchase of 24 NFDD**  
**\*new SRT members. SWAT school required training.**

11. Section 12 – Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray

a. Combined Tactical Systems Buffeted Riot CS Smoke

- (1) A summary of how the military equipment was used and the purpose of its use. **None used**
- (2) A summary of any complaints or concerns received concerning the military equipment. **None**
- (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**
- (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**
- (5) The quantity possessed for each type of military equipment. **19**
- (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

12. Section 12 – Munitions containing tear gas or OC, excluding standard, service issued handheld pepper spray

a. Defense Technology Stinger CS Rubber Ball Grenade

- (1) A summary of how the military equipment was used and the purpose of its use. **Not used**
- (2) A summary of any complaints or concerns received concerning the military equipment. **None**
- (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**
- (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**
- (5) The quantity possessed for each type of military equipment. **None**
- (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

13. Section 14 – Projectile Launch Platform and Munition

a. Defense Technology 40MM Tactical Single Shot Launcher

- (1) A summary of how the military equipment was used and the purpose of its use. **Used during department wide training on 12/14/22. 20 officers were trained and fired one live round each. No other uses during this rating period.**
- (2) A summary of any complaints or concerns received concerning the military equipment. **None**
- (3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**
- (4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No costs during this period.**
- (5) The quantity possessed for each type of military equipment. **25**
- (6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

14. Section 14 – Projectile Launch Platform and Munition

a. Defense Technology, Exact Impact 40 MM Standard Range Sponge Round

(1) A summary of how the military equipment was used and the purpose of its use. **20 rounds were fired during training on 12/14/22.**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No costs during this period. Source funds come from Specialized Department Equipment Budget.**

(5) The quantity possessed for each type of military equipment. **151**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **Request purchase of 100 rounds for re-supply in 2023. Approximately \$2600, \$26 each.**

**\*Anticipated additional SRT training, department training.**

15. Sections 12 / 14 – Munitions containing tear gas or OC, excluding standard, service-issued handheld pepper spray. Projectile Launch Platforms

a. Ferret 40 MM is filled with CS powder chemical agent

(1) A summary of how the military equipment was used and the purpose of its use. **Not used**

(2) A summary of any complaints or concerns received concerning the military equipment. **None**

(3) The results of any internal audits, any information about violations of the military equipment use policy, and any actions taken in response. **None**

(4) The total annual cost for each type of military equipment, including acquisition, personnel, training, transportation, maintenance, storage, upgrade, and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report. **No cost for this reporting period**

(5) The quantity possessed for each type of military equipment. **15**

(6) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment. **None**

**Section Two: Qualifying Equipment to be procured by the Watsonville Police Department**

- 1. The Watsonville Police Department is requesting approval to evaluate an unmanned, remotely piloted, powered aerial vehicle program (UAV). The program will be presented to Council at a separate meeting.**
