Please be advised that the Department of Resources Recycling and Recovery (CalRecycle), acting as the Solid Waste Enforcement Agency (EA) for Santa Cruz County, has received and approved a Report of Facility Information (RFI) Amendment per Title 27, California Code of Regulations (27 CCR), Section 21665(c). This public notice was prepared pursuant to 27 CCR 21660.1.

**Project Description:** The City of Watsonville Landfill is an existing solid waste landfill operating under a full Solid Waste Facilities Permit (SWFP) issued on October 19, 2018. The application package to amend the RFI requests the following changes: updates for the closure of landfill cell Phase III; updates for the construction of landfill cell Phase IV; and general updates.

The EA finds that the proposed changes are consistent with all applicable certified and/or adopted California Environmental Quality Act (CEQA) documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current SWFP.
